Site URL

Site URL

Configure the default redirect URL used when a redirect URL is not specified or doesn't match one from the allow list. This value is also exposed as a template variable in the email templates section. Wildcards cannot be used here.

http://localhost:9999/cal

Save changes

Redirect URLs

URLs that auth providers are permitted to redirect to post authentication. Wildcards are allowed, for example, https://*.domain.com

Add URL
